PLEASE TELL US ABOUT YOUR CHILD (readiness, temperament, interests, physical and social and emotional development, nature interest, etc.)

What would you like your child to gain in his/her experience with our school?

Please describe past experiences your child has had with group settings, how he/she plays with others & what we could expect separating from parents in the mornings:

How is your child with his/her pottying procedures? Include age began using toilet, age transitioned from diapers to underwear. Does he/she wipe him/her self? If not ready, what's your plan by Sept.?

Does your child nap? If so, how often, about what time, & for how long?

We depend on parent participation for community work days, garden help, some field trips, & events. All parents are requested to help at least 3 full community work days and 1 event per year. Does this level of participation match what you are looking for in a school?
